## Rigel Plaster-in Curve 2m Aluminium Profile/Extrusion Silver

113564

## 113564

The Rigel Plaster-in is an easy to install plaster-in extrusion profile which benefits from having a push on polycarbonate diffuser. It effectively conceals the LED tape and gives a softer lighting effect. Designed to be plastered into the ceiling or wall during the early stages of a build, allowing the LED tape to be fitted later.

Silver anodised & opal pc
Constructed from aluminium & polycarbonate
